

Bicycle Activism in Santiago, Chile - *Movimiento Furiosos Ciclistas*

NEXT MEETING begins at 7:30pm on October 16 at Oakland's Rockridge Branch Library, 5366 College Ave, at Manila. Our special guest will be "Bridge Advocate Extraordinaire", Jason Meggs. Jason recently returned from an extended visit to Ecuador and will share high-quality video footage of his travels and encounters with South American bicycle advocates with us.

VIEW FROM THE SADDLE - A Lesson from *los Furiosos Ciclistas*

by: Robert Raburn

The East Bay Bicycle Coalition works to represent ALL bicyclists in the counties of Alameda and Contra Costa. As we again participate in Oakland's San Antonio neighborhood's Día de Muertos (see notice), we wish to reach out and welcome Spanish-speaking bicyclists to join us in advocating for improved bicycle safety and access in communities that have poor bicycling conditions.

Throughout the East Bay, elected officials and government staffs responsible for transit or local streets hear from us on a regular basis. We work hard to build respect for bicyclists. Our motto, "to promote bicycling as an everyday means of transportation and recreation," appears on hundreds of faxes and letters each year. Partly due to our tenacious efforts, riding a bicycle is socially accepted. Everyone can ride with pride!

Your concerns are important to us. Our strength is based on our members. Only by working together as a coalition do we have the power to accomplish changes to make bicycling safer and more convenient. Since our founding in 1972, we have celebrated numerous victories that most East Bay bicyclists now take for granted - primarily BART bicycle access and parking plus on-street bikeways and multi-use bike paths.

Of course, much more needs to be done. This is especially true in neighborhoods that are diverse, multi-lingual and multi-cultural. Unfortunately, diverse communities have not traditionally had much political clout.

Our attempts to overcome the barriers to

bicyclists in East Oakland, Richmond, and San Pablo have met with political opposition. Recently, Larry Reid and Ignacio de la Fuente turned down an opportunity to build a seven-mile bikeway along Foothill and Bancroft from Lake Merritt to San Leandro. They also turned their backs on International Boulevard. According to the Alameda Countywide Bicycle Plan (2001), International Blvd leads all county routes in bicycle and/or pedestrian/motor vehicle collisions. We clearly need a campaign to allow bicyclists to safely use these routes.

After a visit to Santiago, Chile, where I met members of *Movimiento Furiosos Ciclistas*, I am optimistic that we can succeed in our own Spanish-speaking neighborhoods. The Furiosos efforts to reduce pollution and develop sustainable transportation in the smoggy basin below the Andes were inspiring! Below, I have borrowed from their card-sized handout urging respect for bicyclists in creating a list of bicyclist's rights that could also be used for transit passengers. Please copy and share the following:

RIGHTS OF THE BICYCLIST

- The bicycle is not a toy, but a non-polluting vehicle with the same rights as an automobile.
- Everyone has the same rights to the road. The California Vehicle Code says that bicyclists have the same rights and responsibilities as motorists.
- You and your family sometimes have the opportunity to ride bicycles (respect the bicyclist).
- Safe routes to transit stations allow bicyclists to travel great distances, especially when bikes are allowed on-board access and/or secure parking.

VISTA DEL SELLÍN - Una Lección de *los Furiosos Ciclistas*

por Robert Raburn

La coalición ciclista de la Bahía del Este (EBBC) trabaja para representar todo ciclista en los condados de Alameda y Contra Costa. Desde que participamos nuevamente en el Día de Muertos de la colonia San Antonio de Oakland, queremos extenderles la mano y brindarles la bienvenida a los ciclistas hispanoparlantes a que se unan con nosotros en abogar por seguridad y acceso mejorados en las comunidades que tienen condiciones malas para ciclistas.

A través de la Bahía del Este los oficiales elegidos y los funcionarios responsables del tránsito y de las vías locales se enteran de nosotros rutinariamente. Nos esforzamos para fomentar respeto para el ciclista. Nuestro lema "promover el ciclismo como medio cotidiano de transporte y recreo" aparece en cientos de telecopias y cartas todos los años. Debido en parte a nuestros esfuerzos tenaces, el andar en bicicleta es ya aceptación ¡todos pueden rodar con orgullo!

Los intereses de ustedes nos importan a nosotros. Nuestra fuerza está basada en nuestros miembros. Es solamente por colaborar que tenemos el poder de efectuar los cambios que hacen al ciclismo más seguro y conveniente. Desde nuestra fundación en 1972, hemos celebrado numerosos éxitos que ya dan por supuesto la mayoría de los ciclistas de la Bahía del Este - principalmente acceso y estacionamiento en el BART además de ciclovías en las rutas de tránsito y las pistas de múltiple uso.

Por supuesto se necesita hacer mucho más. Esto es especialmente cierto en los barrios de las poblaciones diversas, multilingües y multi-culturales. Por desgracia estas comunidades diversas han tenido tradicionalmente poca palanca política.

Nuestros esfuerzos de vencer los obstáculos al

ciclista en Oakland del este, Richmond y San Pablo recibieron oposición política. Recientemente, Larry Reid y Ignacio de la Fuente rechazaron la oportunidad de construir una ciclopista de siete millas a lo largo del Foothill y la Bancroft desde Lake Merritt hasta San Leandro. También, dieron las espaldas al International Bulevar. Según la Planificación de Ciclismo del c^{do} de Alameda (2001), el International Bulevar tiene las cifras más altas en atropellados de ciclistas y peatones con vehículos motorizados. Claramente, necesitamos una campaña que le facilite al ciclista el tránsito seguro de estas rutas.

Después de una visita a Santiago de Chile donde conocí a miembros del Movimiento de Furiosos Ciclistas, creo que podremos tener éxitos en nuestras propias comunidades de habla hispana. Los esfuerzos de los furiosos de rebajar la contaminación ambiental y desarrollar el transporte sostenible en la cuenca subAndina contaminada eran inspiradores. Más abajo, hémelo apropiado del volante tamaño tarjeta de ellos que encarece respeto al ciclista por crear una lista de los derechos del ciclista que también se aplicarán al pasajero del tránsito público. Favor de copiar y compartir lo siguiente:

Derechos del Ciclista

- La bicicleta no es juguete sino que es un vehículo no contaminador con los mismos derechos del automóvil.
- Toda persona tiene los mismos derechos a las vías públicas. El reglamento vehicular de California declara que el ciclista tiene los mismos derechos y responsabilidades que los motoristas.
- Usted y sus hijos en más de alguna oportunidad se han movilizado en bicicleta (respete al ciclista).
- Las rutas seguras a las estaciones de tránsito se le permiten al ciclista viajar distancias grandes especialmente cuando le permite a uno subir la bicicleta a bordo del tren o estacionarse con confianza.

-traducción por Patricio Brown

SHORT REPORTS

EAST BAY REGIONAL PARK DISTRICT is considering a Measure for the March 5, 2002, ballot to fund environmental maintenance, public safety, resource protection/restoration, and public access. A public meeting was held on October 2. In other business with the EBRPD, the EBBC submitted a letter supporting the acquisition of an in-fill parcel in the Carquinez Regional Shoreline Park. Portions of two regional trails traverse the parcel.

LAFAYETTE - The City Council is scheduled to discuss bicyclists' proposal to create a Lafayette Pedestrian and Bicycle Advisory Committee at their 7pm meeting on Tues, Oct 9, 2001. We expect the City Council to approve our proposal, but supportive comments to elected officials are very helpful (even after Oct 9). Opposition may come from City Engineer, Tony Coe, and/or City Traffic Planner, Leah Greenblat. Neither wants a BAC nor have a positive attitude toward bicyclists. For City Council info check www.ci.lafayette.ca.us or contact Yehuda Sherman at yehudasherman@aol.com (925) 284-5363 or Bart Carr at Bart_Carr@yahoo.com (925) 299-1664.

LIVERMORE - A Draft Livermore Bicycle Masterplan is nearly ready for public review. Please contact Anna Vickroy (tel: 925/373-5796) to receive meeting notices or a review copy.

OAKLAND - MacArthur Boulevard between Lakeshore and Park is an ideal candidate for a

"road diet" with a bike lane addition. Please take a minute and drop a short email to Oakland's Bicycle Coordinator, Kathryn Hughes, khughes@oaklandnet.com, letting her know how important it is to restripe the street with bike lanes and fewer vehicular lanes (from 4 to 2).

PLEASANTON - The Trails Council of Livermore Amador Valley (TCLAV) expects a battle with Parkside Homeowners, who fear that the proposed Arroyo Mocho Trail to Livermore will lower property values, decrease privacy, blah, blah, blah. The Pleasanton Community Trails Master Plan to extend the existing 3.4-mile trail (Alamo Canal to Stoneridge) has already been approved with full public review. Three under crossings are already in place. Please voice your trail support to the Parks & Recreation Commission and the City Council. For more information, please contact the TCLAV (p.7).

STATEWIDE LEGISLATION - California Senate Bill 10, the Safe Routes to School Bill of 2001, is on Governor Davis's desk, after passing the state legislature thanks to the letters from supporters! \$70,000,000 for pedestrian and bicycle safety projects now depends on his action. The East Span Bay Bridge bikeway appears secure. Assembly Bill 1171 (Dutra, Fremont) does not impact the bike path. Overall, the bill seeks to permanently extend the \$1 toll increase.

EBBC to Valet Park Bikes at Dia de los Muertos Fruitvale Festival

Observed by people of all ages, Dia de los Muertos (Day of the Dead or All Soul's Day) is a traditional indigenous holiday that honors departed loved ones and celebrates the triumph of life.

Dia de los Muertos helps a community preserve its traditions, strengthens family bonds and teaches its youth the value of cultures, creativity and cooperation. Intended to promote and preserve the traditions of the area's Spanish-speaking population, the Dia de los Muertos Fruitvale Festival also promotes tolerance and understanding by introducing other communities to the richness of our culture and traditions. The festival includes food, car show, and live entertainment from renowned artists. It also includes Art, Children's, Altar, and

Environmental Pavilions. Over 70,000 people attended last year's festival, making it Oakland's largest festival in 2000. We look forward to an even more exciting festival this year.

The 6th Annual Dia de los Muertos Fruitvale Festival will be held Sunday, October 28, 2001, from 10 a.m. - 5 p.m., on International Blvd. from Fruitvale Ave. to 40th Ave. in Oakland (map). For more information call (510) 535-6904.

The festival is BART accessible (Fruitvale station) and free bicycle valet parking is provided by the East Bay Bicycle Coalition. Volunteers are needed to help park bikes. Please call Dave Campbell at 510-540-5971 or email at dcampbel@lmi.net to sign up to park bikes.

¡Ay Carrumba! Once again, the Chronicle has hijacked a bike rack and turned it into a newsrack. Back in May, the EBBC complained about another hijacking on MacArthur Blvd.

Oakland Public Works dealt with this rack back in May

MINUTES of the General Meeting of Tuesday, September 18, 2001 held at the Rockridge Branch of the Oakland Public Library

CHAIR was Robert Raburn

MEMBERSHIP: Andrew Rudiak reported that we currently have 972 members, with 512 in the renewal status. Delinquent members were encouraged to renew, and keep EBBC a strong advocate for bicyclists.

SOLANO STROLL: The EBBC supported the BFBC (Bicycle Friendly Berkeley Coalition) by parking bikes at the Solano Stroll on September 16th. An estimated 100,000 people attended the event.

SR 4 BYPASS: Bruce Ohlson continues to follow closely the SR 4 bypass issue. EBBC is requesting immediate access to SR 4 bypass with replacement of the storm drains, and to reopen the east/west connection on the old Sand Creek Road severed by the construction of SR 4 bypass. The storm drains are being replaced, access is next.

CONTRA COSTA COUNTY BIKE PLAN: A draft summary of issues and options was presented by Gail Payne. The issues were generated from local meetings over the last couple of months. The report is due out in November, and will be an esti-

mated 100 pages.

CALM: The Coalition of Advocates for Lake Merritt has a proposal to convert the 12th St Dam Route (i.e., "the world's shortest freeway") into Lake Merritt Blvd and improve bicycle and pedestrian access. An alternative proposal is to build a 16-story cathedral. The City of Oakland has not made any decisions yet.

AC TRANSIT: A motion was made and passed, for the EBBC to communicate to AC Transit to: 1) adopt clean air buses with low floors; 2) codify access for bikes on the buses; and 3) urge more driver education on sharing the road with bicyclists.

ALAMEDA COUNTYWIDE BICYCLE PLAN REPORT: the County Supervisors adopted The Alameda Countywide Bicycle Plan on June 28, 2001. The innovative maps depict one-mile radius "High Priority" zones for "Improved Bicycle Access" surrounding transit stations, thanks to EBBC efforts. We will urge other counties to follow suit. A copy was available to review at the meeting.

REGIONAL BIKE PLAN: There was a discussion of options for obtaining more money for bike facilities from the MTC, which is expected to spend a total of \$75 billion over the next 20 years. Being able to attach a percent off the top for bike access to transit (Safe Routes to Transit), would go along way in making bicycle improvements and help the Bay Area meet air quality standards. We also seek to insure that all new and rehabilitated roads safely accommodate bicyclists. Details on the Regional Transportation Plan and meetings are available at MTC's web site: www.mtc.ca.gov.

PRESENTATION: Digital videos were shown by EBBC member, Eric McCaughrin. They included footage from a bike tour in Italy, and two films he developed visualizing what the Bay Area might look like with high speed and light rail, and car-free neighborhoods.

NEXT MEETING will be at the Rockridge Library at 7:30 pm, on Tuesday, October 16, 2001.

Respectfully submitted by acting meeting secretary, Craig Hagelin.

BAC Calendar

Alameda County Meets as required, 1333 Broadway Suite 220, Oakland. **Staff:** Beth Walukas, 510-836-2560, x13, BWalukas@accma.ca.gov, www.accma.ca.gov.

BART Oct 1, Dec 3, 6 pm MTC, 101 8th Street, Oakland. Bimonthly, first Mondays. **Staff:** Laura Timothy, 510-464-6425; **Chair** Dave Favello, 925-939-9462, davevelo@aol.com, - County representatives: Alameda - Raines Cohen 510-337-9427 raines@raines.com, Dan Gildea (alternate) 510-658-1390; Contra Costa - Dave Favello, Craig Hagelin 925-937-7610, chagelin@ccnet.com.

Berkeley Oct 9, Nov 13, 4-6 pm, (call to confirm date and time) 2118 Milvia St., 2nd floor, **Staff:** Carolyn Helmke 510-705-8131, CHelmke@ci.berkeley.ca.us; **Chair:** Stephen Wheeler, [\[er@uclink.berkeley.edu\]\(mailto:er@uclink.berkeley.edu\); EBBC rep Hank Resnik, \[hankr@earthlink.net\]\(mailto:hankr@earthlink.net\), 510-524-4488.](mailto:SWheel-</p>
